BRAKE MAINTENANCE

Brakleen® Original Non-Flammable

The original Brakleen®, our premium strength formula! Chlorinated formula quickly removes brake dust, brake fluid, grease and other contaminants from all types of brake systems, including ABS. Cleans fast and dries faster. Non-Flammable.

Case Order Part Units	Container		
Number	Number	Size	Per Case
1006332	75089	539 g aerosol	12
1006335	75090	3.785 L bottle	4
1006337	75091	19 L pail	1
1006338	75093	208 L drum	1

Brakleen® Pro Series Non-Flammable

Brakleen® Pro Series non-flammable formula is the strongest cleaner, formulated to quickly & effectively remove grease, brake dust, brake fluid, and oils from brake systems. PowerJet™ actuator breaks down brake grease and dust with more force. Non-Flammable.

Case Order Part er Units	Contain- er		
Number	Number	Size	Per Case
1006334	75089PS	822 g aerosol	12

Brakleen® Premium Non-Chlorinated

The best non-chlorinated product on the market. Powerful formula quickly removes brake fluid, grease, oil, and other contaminants from all brake related parts. Safe for ABS, disc and drum brakes. Flammable.

Case Order Part Number	Part Number	Container Size	Units Per Case
1006330	75088*	396 g aerosol	12
1006328	75086*	19 L pail	1
1006329	75087*	208 L drum	1

Brakleen® Premium Non-Chlorinated with PowerJet™ Technology

The strongest non-chlorinated formula available with PowerJet™ Technology. Spray nozzle produces a burst of product that forcefully breaks away contaminants, while the formula cleans and degreases instantly. Faster work, requiring less product per job. Ergonomically designed PowerJet™ spray nozzle is easier to press, giving the user a quick, precise shot of product where needed. Flammable.

Case Order Part Number	Part Number	Container Size	Units Per Case
1006305	75050*	396 g aerosol	12

Brakleen® Pro Series Non-Chlorinated

The Brakleen® Pro Series non-chlorinated formula quickly and effectively removes brake fluid, grease, oil and other contaminants from brake linings and pads. PowerJet™ actuator breaks down brake grease and dust with more force. Flammable.

Case Order Part Number	Part Number	Container Size	Units Per Case
1006309	75051PS*	510 g aerosol	12

Brakleen® Non-Chlorinated Retail Formula

Product formulated to quickly remove brake fluid, grease, oil, and other contaminants from brake linings & pads. Safe for ABS, disc and drum brakes. Flammable.

Case Order Part Number	Part Number	Container Size	Units Per Case
1006307	75051*	397 g aerosol	12

Brakleen® RD™ Rapid Dry Premium Non-Chlorinated

The brake cleaner to use where compliance calls for a chlorine-free product. It is formulated to quickly remove brake fluid, grease, oil, and other contaminants from brake linings and pads. Rapid Dry Formula Cleans Fast, Dries Faster! Flammable.

Case Order Part Number	Part Number	Container Size	Units Per Case
1006390	75391*	19 L pail	1
1006391	75392*	208 L drum	1

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

AUTOMOTIVE MAINTENANCE

BRAKE MAINTENANCE

Disc Brake Quiet

Forms a water resistant, high-temperature film that instantly absorbs vibrations and quiets disc brake squeaks and squeals. For use on the back of non-shimmed disc pads and brake pad contact points.

Case Number	Order Part Number	Container Size	Units Per Case
1006285	75016	118 ml bottle	12
1006287	75017	255 g aerosol	12

De-Squeak™ Brake Conditioning Treatment

Spray on rotors and drums on every brake job to eliminate and prevent brake noise. Metallic-bonding formula fills microscopic imperfections on rotors for quieter, smoother braking. Safe for use on all types of brake systems, including ABS.

Case Number	Order Part Number	Container Size	Units Per Case
1006324	75080*	318 g aerosol	6

Synthetic Brake & Caliper Grease

Synthetic grease prevents caliper binding, vibration and corrosion. Contains molybdenum, PTFE and graphite for an extreme temperature range of -40°C to 315°C. Use on every brake job!

Case Number	Order Part Number	Container Size	Units Per Case
1006382	75353	340 g tub with brush	12
1006384	75359	226 g brush-top bottle	6

ELECTRICAL MAINTENANCE

Battery Cleaner With Acid Indicator

Instantly detects leaks and neutralizes acid. Designed to remove corrosion quickly and economically while neutralizing acid spills. Use to restore battery output and reduce voltage leakage due to contaminants.

- Assures maximum battery current flow
- Promotes longer battery life
- Yellow foam turns pink upon contact with acid
- Use CRC Battery Terminal Protector (#75046) for extended protection

Case Number	Order Part Number	Container Size	Units Per Case
1006339	75097	311 g aerosol	12

Battery Terminal Protector

Apply to battery terminals to provide a soft, dry, lead-free protective coating that keeps moisture, salts and road grime from corroding metal contacts. Enhances battery life and power by preventing corrosion-related leakage.

- Soft, flexible film completely encapsulates exposed surfaces and will not become brittle, crack or peel
- Red color provides easy visual inspection of application
- Dries quickly and protects instantly
- Prevents hard starts and battery failure
- Use with Battery Cleaner (#75097)

Case Number	Order Part Number	Container Size	Units Per Case
1006302	75046*	212 g aerosol	12

Jump Start® Starting Fluid With Lubricity

- Assures fast, economical starts in extremely cold or humid climates
- Upper cylinder lubricant minimizes wear during cold starts
- Effective to -54°C
- For diesel and gasoline engines
- Complies with ULSD fuel requirements

Case Number	Order Part Number	Container Size	Units Per Case
1006398	75671*	311 g aerosol	12

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

CLEANERS

Duster - Moisture-Free Dust & Lint Remover

Moisture-Free Dust & Lint Remover, provides a powerful blast of product to remove embedded debris without damaging sensitive components or surface finishes. Reaches areas where normal hand dusting cannot. Use on computers, electronics, auto and house interiors.

- 100% Ozone safe
- Plastic safe

Case Number	Order Part Number	Container Size	Units Per Case
1751679	1751680	226 g aerosol	12

QD™ Electronic Cleaner

Instantly penetrates hard-to-reach areas to safely dissolve dirt and debris from sensitive electronic components. Cleans contacts, connectors and sensitive electronic equipment. Helps prevent contact failure. Quick drying, plastic safe formula leaves no residue.

Case Number	Order Part Number	Container Size	Units Per Case
1006283	75012*	127 g aerosol	12
1006343	75102*	312 g aerosol	12

Lectra-Motive™ Electrical Parts Cleaner

Aggressive cleaner for electric motors, alternators, solenoids, starters, electric tools and machinery. Non-flammable. Dissolves grease, oil, dirt and wax that may cause electrical failure. Evaporates quickly, no residue. Do not use to clean plastic or sensitive electronic components, use QD™ Electronic Cleaner instead.

Case Number	Order Part Number	Container Size	Units Per Case
1006289	75018	538 g aerosol	12
1006293	75022	19 L pail	1

Engine Degreaser

Quickly dissolves and lifts off oil, grease and road grime from engines for cooler, more efficient running. Easy to use: spray on and rinse off. Leaves no residue.

Case Number	Order Part Number	Container Size	Units Per Case
1006294	75025*	425 g aerosol	12

Clean-R-Carb® Carburetor Cleaner

Instantly dissolves deposits on venturiers, linkages, butterflies and PCV systems to improve fuel system performance and enhance fuel economy. Harmless to catalytic converters and oxygen sensors.

Case Number	Order Part Number	Container Size	Units Per Case
1006326	75081*	453 g aerosol	12

SensorKleen™ Mass Air Flow Sensor Cleaner

The original MAF sensor cleaner. Safely cleans and protects MAF sensors. Dyno proven to increase horsepower and improve air/fuel ratio. Reduces rough idle, hesitation and pinging. Improves fuel mileage. Plastic safe, leaves no residue.

Case Number	Order Part Number	Container Size	Units Per Case
1006346	75110*	311 g aerosol	12

Throttle Body Kleen™

Cleans air-intakes, throttle valves, throttle bodies and linkages of fuel-injected gasoline engines (both throttle body and multi-port). Safe for use on coated throttle bodies. Low VOC formula.

Case Number	Order Part Number	Container Size	Units Per Case
1006322	75078*	340 g aerosol	12

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

AUTOMOTIVE MAINTENANCE

CLEANERS

GDI IVD™ Intake Valve & Turbo Cleaner - Professional

Delivers concentrated advanced PEA detergency directly to the backs of intake valves. Dissolves baked-on carbon deposits, improves MPG, increases power and reduces rough idle. Effective for use on GDI and standard PFI engines.

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006374	75320X6		311 g aerosol	6

GDI IVD™ Intake Valve & Turbo Cleaner - Retail

Delivers concentrated advanced PEA detergency directly to the backs of intake valves. Dissolves baked-on carbon deposits, improves MPG, increases power and reduces rough idle. Effective for use on GDI and standard PFI engines.

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006372	75319X6		311 g aerosol	6

Gasket Kleen™

Fast acting formula. Quickly removes gasket cement, sealers and paint. Eliminates excessive scraping and cleaning.

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006291	75021*		340 g aerosol	12

LUBRICANTS

White Lithium Grease

A high purity, NLGI Grade 2 white lithium grease. Excellent water and heat resistance for use in any weather or temperature. Makes surfaces friction resistant and protects against corrosion. Ideal for metal to metal applications. Will not break down or run out.

Case Number	Order Number	Part Number	Container Size	Units Per Case
1004870	14200*		283 g aerosol	12

Power Lube Multi-Purpose Lubricant

All-in-one product quickly cleans, penetrates, lubricates, and protects against corrosion. Stops squeals and loosens rusted parts. Clings to surface to deliver long-lasting lubrication with less mess. Displaces moisture. Low odor.

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006278	75005		311 g aerosol	12
1006280	75007		3.785 L bottle	4
1006282	75009		19 L pail	1

Dry Graphite Lubricant

A dry film lubricant that is ideal for applications where petroleum products must be avoided. Dry Graphite Lube bonds instantly to metal, rubber, plastic and most substrates to form a dirt repelling barrier that lubricates and protects the surface from pressure and friction.

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006341	75101*		320 g aerosol	12

Cutting Oil

Superior thread cutting lubricant for use on all types of both ferrous and non-ferrous metals, including brass, copper and aluminum.

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006394	75500*		340 g aerosol	12

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

FUEL ADDITIVES

1Tank Power Renew™ Complete Fuel System Clean Up - Gasoline

A concentrated one-tank cleanup that delivers a powerful SHOCK to your dirty fuel system. Made with the maximum available chemistry it's the most powerful fuel system cleaner on the market. Average 5.7% MPG increase, 97% total power restoration, 99% injector flow improvement and cleaner emissions.

Case Number	Order Part Number	Container Size	Units Per Case
1006400	75815	443 ml bottle	6

Guaranteed To Pass® Complete Fuel System Treatment

Pass your emissions test or double your money back! Removes harmful gums and varnish from carburetor and emission control components. Reduces CO, HC and NOx emissions to guarantee a passing emissions test. Use year-round to super-clean fuel injectors, intake valves and combustion chamber. Increases MPG; promotes easier starts, faster acceleration and better airflow. Works with all ethanol/gasoline fuels. Guarantee in effect for OBD II Testing Systems!

Case Number	Order Part Number	Container Size	Units Per Case
1006312	75060-6	354 ml bottle	6

Fuel Stabilizer

Super-concentrated formula keeps fuel fresh up to one year. Stabilizes fuel by inhibiting varnish, peroxide and gum development in gasoline and diesel fuel during storage.

Case Number	Order Part Number	Container Size	Units Per Case
1006388	75380	236 ml bottle	12

Fuel Injector & Carburetor Cleaner

Cleans dirty fuel injectors and carburetors. With regular use, eliminates hard starts, rough idling, dieseling, engine run-on, knocks, pings and excessive emissions. Harmless to catalytic converters and oxygen sensors. One bottle treats 75 L of gasoline.

Case Number	Order Part Number	Container Size	Units Per Case
1006315	75061	355 ml bottle	12

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

AUTOMOTIVE MAINTENANCE

TRANSMISSION

Belt Dressing

Eliminates noise and extends belt life. For use on all types of belts, such as serpentine, flat and v-type belts. Prevents slippage and glazing. Removes oil, grease and glaze. Use every 4,828 kms to prevent drying out and slippage.

Case Number	Order Part Number	Container Size	Units Per Case
1006380	75350	212 g aerosol	12

FiberLock™ Head Gasket & Block Repair

Permanent pour 'n go head gasket & block repair compatible with all types of antifreeze. Repairs cooling system leaks with three unique technologies: military-strength fibers, nanotechnology, and Cool-XTM Conditioner - the ultimate solution for all coolant leaks.

Case Number	Order Part Number	Container Size	Units Per Case
1006367	75224	946 ml bottle	6

Permanent Metallic™ Block Seal Head Gasket Repair

Permanently repairs cracked radiators, blocks, heater cores and head gaskets with a molecular seal as strong as steel. Professional grade formula seals coolant leaks without leaving product in your cooling system like competitive brands.

Case Number	Order Part Number	Container Size	Units Per Case
1006216	74016	454 ml bottle	6

Posi-Trac™ Limited Slip Gear Oil Additive

Maintains smooth operation of the limited-slip unit and reduces friction, wear and overheating while eliminating chatter. Meets GM, Ford and Chrysler specifications.

Case Number	Order Part Number	Container Size	Units Per Case
1006249	742508	207 ml tube	6

DIESEL TRUCK & HEAVY EQUIPMENT

Diesel Fuel Therapy Fuel Injector Cleaner

Cleans injectors, disperses water, conditions & stabilizes fuel and lubricates fuel system for increased engine life. Increases power and fuel economy and reduces emissions. ULSD Approved. OK for Biodiesel fuels.

Case Number	Order Part Number	Container Size	Units Per Case
1006355	75202	887 ml bottle	12
1006357	75203	3.785 L bottle	4

Diesel Fuel Therapy With Anti-Gel

Prevents diesel fuel from gelling in cold temperatures. Lowers pour point by as much as 19°C. Cleans injectors and helps restore spray pattern for more efficient combustion. ULSD Approved. OK for Biodiesel fuels.

Case Number	Order Part Number	Container Size	Units Per Case
1006359	75212	887 ml bottle	12
1006361	75213	3.785 L bottle	4

Diesel Fuel Anti-Gel

Prevents fuel from gelling by lowering pour point by as much as 20°C. Disperses water and contains lubricity additives for low sulfur fuels. ULSD Approved OK for Biodiesel fuels.

Case Number	Order Part Number	Container Size	Units Per Case
1006363	75221	354ml bottle	12

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

DIESEL TRUCK & HEAVY EQUIPMENT

Product	SKU	Net Contents	Maintenance Treats:	Conditions Treats:
Diesel Fuel Therapy Injector Cleaner	75202	888mL bottle	473 liters	189 liters

1-Tank Power Renew™ Complete Fuel System Clean Up - Diesel

A concentrated one-tank cleanup that delivers a powerful SHOCK to your dirty fuel system. Made with the maximum available chemistry it's the most powerful diesel fuel system cleaner on the market. Excellent cleanup for the sticky injectors frequently found in modern common rail systems. Proven 100% deposit removal and reduces emissions. Cleans INSIDE the injectors and prevents IDID. 946 mL treats 473 L of fuel.

Case Order Number	Part Number	Container Size	Units Per Case
1006406	75832 HD	916 ml bottle	6
1006403	75816 Utility	443 ml bottle	6

Quick Flow™ Emergency Diesel-Gel Relief

Relieves gelled fuel in minutes! Totally disperses water and lowers pour point by as much as 19°C. Prevents future gelling since it contains anti-gel. ULSD Approved. OK for Biodiesel fuels.

Case Order Number	Part Number	Container Size	Units Per Case
1006409	75911	887 ml bottle	12

Fuel Stabilizer

Super-concentrated formula keeps fuel fresh up to one year. Stabilizes fuel by inhibiting varnish, peroxide and gum development in gasoline and diesel fuel during storage.

Case Order Number	Part Number	Container Size	Units Per Case
1006388	75380	236 ml bottle	12

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

AUTOMOTIVE MAINTENANCE

COATINGS

Rubberized Undercoating

Provides a bubble-free, flexible shield against moisture, salt and road debris. Deadens outside road noise and will not crack or peel. Low VOC formula.

Case Number	Order Part Number	Container Size	Units Per Case
1006300	75034*	453 g aerosol	12

Zinc Mate™

Forms a tough, flexible 93% pure zinc coating to fight rust and corrosion. Provides the protection of hot dip galvanize with on-the-job convenience. Leaves a flat gray paintable finish on surfaces.

Case Number	Order Part Number	Container Size	Units Per Case
1006310	75054*	368 g aerosol	12

WINTERIZING

Ice-Off™ Windshield Spray De-Icer

- Melts ice, snow and frost on contact
- Harmless to car finish
- Thaws frozen locks
- Effective to sub-zero temperatures

Case Number	Order Part Number	Container Size	Units Per Case
1006378	75346	340 g aerosol	12

Magic Oil™ Lock Lube & Deicer

Lubricates seized and frozen locks using a long-lasting graphite formula. Keeps locks operating smoothly. Quick drying, non-staining formula. Safe on all metal surfaces. 360° Spray Valve can be sprayed from any position.

Case Number	Order Part Number	Container Size	Units Per Case
1006232	74119	42.5 g aerosol	12

Engine Stor™ Fogging Oil

Protects all internal combustion engines during seasonal storage. Clings to internal engine components to keep pistons, rings and cylinder walls corrosion free. Protects electrical connections in use and in storage. Contains no silicone components that can harm oxygen sensors.

Case Number	Order Part Number	Container Size	Units Per Case
1006296	75027*	368 g aerosol	12

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

MARINE CLEANERS

On & Off Hull & Bottom Cleaner

The #1 hull cleaner and strongest formula available. Works instantly to remove the toughest waterline stains, algae and barnacle stains, rust and gas exhaust stains. Use on fiberglass only. Will not harm gel coat. Can be used in conjunction with Poly Tank Sprayer.

Case Number	Order Part Number	Container Size	Units Per Case
1006428	76203	946 ml bottle	12
1006430	76204	3.785 L bottle	4
1006432	76205	19 L pail	1

On & Off Gel Hull & Bottom Cleaner

Unique viscous formula clings to the surface to remove stubborn scum lines and rust stains. Bold, blue color makes it easy to see where the product has been applied. Brush or roll onto fiberglass surface and rinse off. Pleasant scent.

Case Number	Order Part Number	Container Size	Units Per Case
1006438	76532	946 ml bottle	12

Aluminex™

Clean & Shine Aluminum Cleaner & Brightener

Dual-action formula specially designed to instantly clean and brighten aluminum hulls with Safe Acid Technology™. Best results on surfaces with light to medium oxidation. Safe on anodized and painted aluminum.

Case Number	Order Part Number	Container Size	Units Per Case
1006436	76332	946 ml bottle	12

Inflatable Boat Cleaner

Effectively cleans PVC, Vinyl, Hypalon, EVA, Nylon, Plastic, Neoprene and Polyurethane materials. Helps prevent corrosion of metal hardware. Won't fade covers. Great for cleaning skis and wakeboards. Biodegradable.

Case Number	Order Part Number	Container Size	Units Per Case
1006441	76832	946 ml bottle	12

Glass Cleaner

Cleans and details glass, mirrors, plastic, acrylic and more without leaving a film or streaks. Contains no harsh abrasives. Excellent for marine, auto, home and industrial use. Also helps remove labels and stickers from metal and glass surfaces. Biodegradable.

Case Number	Order Part Number	Container Size	Units Per Case
1006424	76100	510 g aerosol	12

Clean-R-Carb® Carb & Choke Cleaner

Penetrates fast to remove sludge, gum, carbon and varnish deposits. Maximizes performance. Cleans carburetors, automatic chokes, heat risers, and PCV valves. Low VOC formula. Oxygen sensor safe.

Case Number	Order Part Number	Container Size	Units Per Case
1006420	76064*	340 g aerosol	12

Salt Terminator® Engine Flush, Cleaner & Corrosion Inhibitor

Cleans & protects anything exposed to salt (saltwater, salt air, road salt). Dissolves salt & leaves a protective coating to inhibit corrosion. Product 76320 Includes SXM XR mixer; mixer attaches to garden hose.

Case Number	Order Part Number	Container Size	Units Per Case
1006434	76320	946 ml bottle with mixer	6
1006426	76128	3.785 L bottle	6

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

MARINE MAINTENANCE

MARINE FUEL ADDITIVES

PhaseGuard4™ Stor & Go™ Stabilizer and Ethanol Fuel Treatment

Protects all gas-powered 2- and 4-cycle engines from the harmful effects of ethanol. Helps prevent phase separation, protects against corrosion, cleans entire fuel system, stabilizes fuel and restores power. Equally effective in E10 to E85 fuel. 30 ml treats 38 L for in-season protection. 30 ml treats 19 L for storage. Stabilizes fuel for up to 24 months.

Case Number	Order Part Number	Container Size	Units Per Case
1006233	74142	474 ml bottle	12
1006352	75141	236 ml bottle	12

Marine Fuel Stabilizer

Keeps fuel fresh during seasonal storage and provides optimum performance year round. Protects against corrosion and helps reduce the impact of Ethanol-blended gasoline. 30 ml treats 19L.

Case Number	Order Part Number	Container Size	Units Per Case
1006416	76062	236 ml bottle	12

Stor-X™ Commercial Grade Fuel Stabilizer

Provides enhanced performance for professional users. Prevents gum, varnish and corrosion build-up in stored fuel. Keeps fuel fresh over storage season. For 2- and 4-stroke engines.

Case Number	Order Part Number	Container Size	Units Per Case
1006418	76063	236 ml bottle	12

MARINE LUBRICANTS

6-56™ Marine Multi-Purpose Lubricant

Clear, thin film lubricates and protects against wear and saltwater corrosion. Drives out moisture to help start wet engines. Loosens rusted parts. Contains no silicone components that can harm oxygen sensors.

Case Number	Order Part Number	Container Size	Units Per Case
1006411	76007	311 g aerosol	12

Heavy Duty Corrosion Inhibitor

Seals out salt air and moisture to prevent corrosion. Will not crack or craze. Flexible amber coating provides long-term protection for metal components, electrical connections, engine components, fasteners, steering and throttle linkages. Contains no silicone components that can harm oxygen sensors.

Case Number	Order Part Number	Container Size	Units Per Case
1006414	76026*	283 g aerosol	12

Engine Stor™ Fogging Oil

Protects marine engines and all internal combustion engines during seasonal storage. Clings to internal engine components to keep pistons, rings and cylinder walls corrosion free. Protects electrical connections in use and in storage. Contains no silicone components that can harm oxygen sensors.

Case Number	Order Part Number	Container Size	Units Per Case
1006422	76068	368 g aerosol	12

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

SmartWasher®

BenchtopPRO®

**Tackle The Toughest Parts Cleaning Jobs.
Just Clean. Close. Store.**

The BenchtopPRO® is a first-of-its-kind parts washer designed for home garages and small repair shops. **PORTABLE** and **STORABLE**.

The BenchtopPRO® is a water-based, self-contained, bioremediating parts washer that is as effective as solvent cleaners without the need to dispose of hazardous waste.

NON-TOXIC SELF-CLEANING STRONG STORABLE

- Engineered to clean without hazardous chemicals. Non-toxic. Non-flammable.
- The degreasing solution continually cleans itself, so when you are ready to clean parts, the fluid is clean and ready.
- Built with solid, durable materials for long life and dependability.
- The self-contained washing system's unique design is easy to store and use without needing to drain the cleaning solution.

HOME AND PROFESSIONAL APPLICATIONS

- Small Engine Repairs
- Household Equipment
- Lawnmowers, Chainsaws, and Outdoor Equipment
- Auto, Motorcycle, and Motorsports
- Maintenance and Repairs
- Snowmobile Service
- Bike Repair
- Marine Maintenance
- Many More Applications!

PATENTED BIOREMEDIATION TECHNOLOGY

Bioremediation is a safe, environmentally-friendly way to process many kinds of hazardous waste into harmless byproducts using the power of naturally-occurring microbes. Bioremediating parts cleaners are safer for humans as well as the environment. The bioremediation technology in the BenchtopPRO® breaks down grease, oil, and carbon-based contaminants, converting them to byproducts of carbon dioxide and water. Microbes are an integral part of the bioremediation process. Add 1 MicroPRO Pack® every 30 days.

BenchtopPRO® KIT Includes

- (1) BenchtopPRO® Bioremediating parts washer with 48" hose and brush combo**

Unit : 72.08 x 43.81 x 32.08 cm (28.38" x 17.25" x 12.63")

Inside Sink : 29.21 x 50.8 cm (11.5" x 20")

Tray (Lid) : 42.41 x 62.99 cm (16.7" x 24.8")

Weight : 13.6 kg (30 lbs)

- (1) BT5 Degreasing Solution - Concentrate, 3.78 L Bottle**

Water-based degreaser that cleans the dirty parts. BT5 is certified under the EPA's Safer Choice program. Dilute with 2 x 3.78 L of potable water.

- (1) MicroPRO Pack® (4pack)**

Contains microbes that break down the contaminants from the dirty parts to keep the degreasing solution clean. Add 1 MicroPRO Pack® every 30 days.

Operations Guide

2-Year Warranty

Item Number: 1000872

BT5 Degreasing Solution - Ready-To-Use Formula

Case Number : 1750987 Item Number : 1000447

3.78 L Bottle 6 per Case

Water-based degreaser that cleans the dirty parts

For exclusive use with the BenchtopPRO®. No Need to dilute.

the MicroPRO Pack® (4pack)

Case Number : 1751154 Item Number : 1000495

Pack Size: 14.7 ml x 4

36 Packs per case

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

SmartWasher®

BIOREMEDIATING parts washing system

THE SMARTWASHER® BIOREMEDIATING PARTS WASHING SYSTEM IS BOTH SELF-CLEANING AND NON-HAZARDOUS.

A proven leader in the parts washing industry and made in the USA, the patented bioremediating SmartWasher® is the ultimate solution to parts washing.

The SmartWasher® systems employ a natural process called bioremediation to degrade and remove contaminants from the cleaning fluid, allowing re-use of the cleaning fluid. There is no need to change out the cleaning fluid, and therefore, no liquid waste.

The patented systems combine three essential components: the parts washer SmartWasher®, the powerful water-based degreasing solution called OzzyJuice™, and the microbe impregnated particulate trap called an OzzyMat®. The merging of these three remarkable products not only defines the SmartWasher system, but also produces one truly amazing parts washer.

OZZYBOOSTER®

Microbial Enhancer

A microbial enhancer that can be used to enhance or "boost" microbial activity in the SmartWasher® system; it actually increases the density of Ozzy® (microbes) within the OzzyJuice™. When a machine is overused, there may be a need for extra microbes to help ease the load.

1004849 14131 250 ml Bottle 6

OZZYMAT®

Disposable, easy to change, microbe infused mats, trap particulate matter down to 50 microns in size. When combined with OzzyJuice™, microbes are activated and released into the system. Change mat every 30 days for optimal performance.

Case Order Number	Part Number	Container Size	Units Per Case
1004843	14124	FL-4 Multi-Layer Filter	6
1004854	14149	FL-3 Single Layer Filter	6

SINK COVERS

Heavy-duty woven fabric withstands industrial and shop environments to keep dust and dirt out of SmartWasher® sink.

- OzzyJuice™ stays clean and efficient
- Eliminates unwanted dust and debris
- Lowers evaporation of OzzyJuice™

Part#	Description	
14889 (1005152)	Cover for SW-23 Mobile Parts Washer – Fits 14161	
14890 (1005153)	Cover for SW-25 & SW-25C Signature Parts Washer Fits 14145 & 14711	
14891 (1005154)	Cover for SW-28 SuperSink Parts Washer – Fits 14144	
14892 (1005155)	Cover for SW28-XE SuperSink Parts Washer – Fits 14710	
14893 (1005156)	Cover for SW-37 Mobile Heavyweight Parts Washer – Fits 14162	

SmartWasher® Kits

Each SmartWasher® can be ordered as a complete start-up kit. Each kit contains the solution and the filter necessary to get you up and running quickly. You select the solution based on your cleaning needs and the SmartWasher® model.

SmartWasher® SW-23 kits are shipped with 3 pails of solution and 1 OzzyMat®.

All other kits include 5 pails of solution and 1 OzzyMat®.

CLEANERS & DEGREASERS

INDUSTRIAL PRECISION CLEANERS

CO® Contact Cleaner

Advanced Technology Formula CO Contact Cleaner does not contain known ozone depleting substances or VOCs. Regular use of CO Contact Cleaner will help prevent electrical failures, increase performance and prolong equipment life by dissolving and rinsing away contaminants.

- Non flammable
- Plastic Safe
- Evaporates quickly and leaves no residue
- Non-chlorinated, non-staining and non-corrosive
- High dielectric strength of 27,600 volts
- Contains no VOCs
- Contains no Class I or Class II Ozone Depleting Chemicals

NSF Registered K2

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006113	72016		396 g aerosol	12

QD™ Contact Cleaner

A petroleum distillate and alcohol blended precision cleaner suitable for cleaning sensitive electronics. QD evaporates quickly, leaves no residue. Contains no Class I or Class II Ozone Depleting Chemicals.

- Plastic Safe
- Effectively removes soil and other contaminants from electronic components
- Ideal for applications where lower flashpoint solvents can be used

NSF Registered K2

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006129	72130*		311 g aerosol	12
1006131	72131*		19 L pail	1
1750737	1750737		208 L drum	1

Contact Cleaner 2000™ Precision Cleaner

An aggressive general purpose precision cleaner that effectively removes dirt, light oils and other contaminants. It evaporates quickly, leaves no residue, has no flash or fire point.

- Contains no Class I or Class II Ozone Depleting Chemicals
- Fast cleaning action for the removal of dirt, light oils and other contaminants
- Non-conductive and non-corrosive
- Test on plastics
- High dielectric strength of 30,800 volts

NSF Registered K2

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006132	72140		368 g aerosol	12

HF Contact Cleaner

Petroleum distillate-based precision cleaner that offers the safety of a high flash point without leaving a residue. It may be used on most plastic materials. HF Contact Cleaner contains no Class I or Class II Ozone Depleting Chemicals.

- Leaves no residue
- Safe on most plastics

NSF Registered K2

Case Number	Order Number	Part Number	Container Size	Units Per Case
1750734	1750735		311 g aerosol	12

Freeze Spray

Aerosol coolant system that instantly freezes surfaces to -60°C, dissipating heat and cooling equipment. Freeze Spray also assists in locating thermal intermittent components, failures and shorts.

- Non-flammable
- Safe on plastics
- Dries instantly, leaves no residue
- Non-abrasive
- Contains no Class I or Class II Ozone Depleting Chemicals

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006226	74086		284 g aerosol trigger	12

XT-2000™ Precision Cleaner

A non-flammable, low odour, rapidly evaporating precision cleaner for use in electrical and industrial applications. Effectively removes dirt, light oils and other contaminants from electronic equipment.

- No flash point
- Evaporates rapidly leaving no residue
- Chemically stable, non-conductive and non-corrosive
- Safe on most plastics

NSF Registered K2

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006134	72155		340 g aerosol	12

Duster Aerosol Dust Removal System

Removes dirt and dust from any surface without damaging sensitive components or surface finish. It delivers a powerful blast of product to remove embedded debris. The extension tube can be used for more precise delivery.

- Non-flammable
- Plastic Safe
- No residue
- Non-abrasive

NSF Registered K2

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006224	74085		226 g aerosol	12

CLEANERS & DEGREASERS

HEAVY DUTY DEGREASERS

Lectra Clean®

Heavy Duty Electrical Parts Degreaser

Quickly and effectively removes grease, oil, tar, dirt, grime, corrosion, sludge and other stubborn substances to increase operating efficiency of electric motors and equipment. Use caution on plastics.

- No flash or fire point
- High dielectric strength of 50,500 volts
- Non-corrosive, non-staining and non-conductive
- Contains no Class I or Class II Ozone Depleting Chemicals
- Fast evaporation, leaves no residue

NSF Registered K2

Case Number	Order Part Number	Container Size	Units Per Case
1006115	72018	538 g aerosol	12

Heavy Duty Degreaser

Quickly and effectively removes grease, oil, tar, dirt, grime, corrosion, sludge and other stubborn substances to increase operating efficiency of equipment. Heavy Duty Degreaser offers quick and efficient degreasing action and fast evaporation with no residue. Use caution on plastics.

- No flash or fire point
- Non-corrosive, non-staining and non-conductive
- High dielectric strength of 36,800 volts
- High cleaning strength of 117 KB
- Contains no Class I or Class II Ozone Depleting Chemicals

NSF Registered K1

Case Number	Order Part Number	Container Size	Units Per Case
1006173	73095	538 g aerosol	12

Lectra Clean® II

Non-Chlorinated Heavy Duty Degreaser

An excellent alternative for cleaning electric motors and equipment where chlorinated solvents are not acceptable. Effectively removes soils and cleans surfaces without residue build-up. Use caution on plastics.

- High flashpoint: 82°C
- Controlled evaporation
- Non-chlorinated, non-conductive and non-corrosive
- High dielectric strength of 42,100 volts
- Low odour compound, unlike citrus-based products
- Contains no Class I or Class II Ozone Depleting Chemicals
- Zero VOC formula

NSF Registered K2

Case Number	Order Part Number	Container Size	Units Per Case
1006127	72120	425 g aerosol	12

Heavy Duty Degreaser II

An excellent alternative for cleaning applications where chlorinated solvents are not acceptable. Heavy Duty Degreaser II effectively removes soils and cleans surfaces without residue build-up. Use caution on plastics.

- High flashpoint: 82°C
- Non-conductive and non-corrosive
- High dielectric strength of 42,100 volts
- Low odour compound, unlike citrus-based products
- Contains no Class I or Class II Ozone Depleting Chemicals
- 75 KB

NSF Registered K1 & K2

Case Number	Order Part Number	Container Size	Units Per Case
1006179	73120	425 g aerosol	12

T-Force™ Degreaser

Utilizes revolutionary technology that combines the power of a high performance, industrial strength degreaser with lower VOC's. T-FORCE Degreaser is non-conductive, non-corrosive, non-staining and has no flash or fire point. It quickly dissolves grease, oil and sludge for more efficient operation of mechanical equipment. T-FORCE Degreaser evaporates rapidly, leaves no residue and has a good health & safety profile.

- Revolutionary formula – does not contain TCE, Perc or nPB
- Reduced VOC formula
- No flash or fire point
- Non-corrosive, non-staining and non-conductive
- High dielectric strength of 39,000 volts
- Contains no Class I or Class II Ozone Depleting Chemicals
- 97 KB

NSF Registered K1

Case Number	Order Part Number	Container Size	Units Per Case
1006177	73115	510 g aerosol	12

Chlor-Free™ Non-Chlorinated Degreaser

Innovative heavy duty non-chlorinated degreasing solvent that removes oil, grease and other contaminants. Excellent for use where rapid turn-around is necessary and low flashpoint solvents can be used. Use caution on plastics.

- Fast drying to help minimize downtime
- Leaves no residue
- Non-conductive, non-corrosive and non-staining
- Penetrates quickly to remove oil, grease and other contaminants

NSF Registered K2

Case Number	Order Part Number	Container Size	Units Per Case
1006185	73185*	425 g aerosol	12

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

HEAVY DUTY DEGREASERS

Super Citrus™ Degreaser

A unique heavy duty degreaser that is extremely effective for dissolving and removing grease, oil, lubricants and contaminants without requiring water wash off and without leaving a residue. Use caution on plastics and paints.

- d-Limonene and petroleum blended degreaser
- Moderate evaporation, leaves no residue
- Non-corrosive, non-abrasive and non-staining
- Pleasant citrus scent
- High dielectric strength of 35,000 volts

NSF Registered C1

Case Number	Order Part Number	Container Size	Units Per Case
1006183	73170	425 g aerosol	12

Mech Force™ Industrial Degreaser

An innovative, non-chlorinated, heavy duty degreaser that removes oil, grease and other contaminants. This fast evaporating solvent is excellent for use where rapid turn-around is necessary and low flash point solvents can be used. It offers a high permissible exposure limit. PowerJet™ nozzle gives the user a quick, precise shot of product where needed.

- Fast evaporating
- Removes oil, grease and other contaminants
- High permissible exposure limit

NSF Registered K1

Case Number	Order Part Number	Container Size	Units Per Case
1750376	1750377	396 g aerosol	12

Citrus Degreaser

Specially formulated and designed for extremely difficult cleaning jobs found in the industrial environment.

- Dissolves grease, oil, ink, and grime
- Safe on most plastics
- Wipes off easily and leaves no residue
- Pleasant scent

NSF Registered C1

Case Number	Order Part Number	Container Size	Units Per Case
1750379	1750381	3.78 L bottle	4
1750392	1750392	19 L pail	1

Aviation Degreaser

A halogenated solvent-based degreaser that is chemically stable and extremely effective in heavy duty cleaning applications. It is fast acting, non-flammable and evaporates quickly leaving no residue.

- Non-flammable
- Effectively removes corrosion inhibiting compounds
- Removes carbon build-up
- High dielectric strength of 26,800 volts
- Cleans and prepares metal surfaces for painting and adhesive bonding
- Meets performance requirements of Boeing D6-17487 and Douglas CSD-1, Category II with the exception of acrylic crazing

Case Number	Order Part Number	Container Size	Units Per Case
1006107	70900	510 g aerosol	12

Super Degreaser Plus

Non-chlorinated, non-conductive, non-corrosive, non-staining and with no flash point. High cleaning strength quickly dissolves grease, oil and sludge for more efficient operation of mechanical equipment. Evaporates quickly and leaves no residue.

- No flash point
- Non-corrosive
- Evaporates quickly
- Leaves no residue

NSF Registered K1

AQUEOUS CLEANERS

HydroForce® Industrial Strength Degreaser

Aqueous degreaser with the powerful performance of a solvent. Instantly begins to hunt-down, break-up and lift-off heavy deposits of grease, oil and dirt. It exhibits a unique spreadability that cleans up to four times the surface area of competitive products. Perfect for facilities seeking an alternative to traditional solvents.

- For solvent strength degreasing
- Non-flammable
- Safe on most plastics
- Concentrated, non-abrasive
- Low foaming – perfect for hand-held pressure washers & industrial high pressure parts washers
- Use caution on soft metals and painted surfaces

NSF Registered C1

Case Number	Order Part Number	Container Size	Units Per Case
1006263	74415	946 ml pump	12

HydroForce® Zero VOC General Purpose Cleaner

HydroForce® Zero VOC provides maximum regulatory compliance without performance compromises. It is strong enough to attack and remove tough dirt, dust and grime deposits. Yet its moderate pH formula, rapid biodegradability and zero VOC content make it versatile and safe enough to use daily for all your cleaning tasks. Formulated with a special polymer that keeps dirt and greasy soils from returning to surfaces.

- Zero VOC formula
- Non-flammable, biodegradable
- Contains no phosphates, ammonia or bleach
- Plastic safe

NSF Registered A1

Case Number	Order Part Number	Container Size	Units Per Case
1006272	74446	946 ml pump	12
1750485	1750546	3.78 L bottle	4

HydroForce® All Purpose Degreaser

Versatile enough to use for all degreasing tasks. Breaks-up and lifts-off grease, oil and dirt deposits. Perfect for facilities seeking an improvement over their current all-purpose aqueous degreaser.

- For grease busting strength with maximum versatility
- Non-flammable
- Safe on most plastics
- Non-corrosive, non-abrasive
- Low-foaming – perfect for hand-held pressure washers & industrial high pressure parts washers

NSF Registered C1

Case Number	Order Part Number	Container Size	Units Per Case

HydroForce® Citrus HD Degreaser

Specially formulated and designed for extremely difficult cleaning jobs found in the industrial environment.

- Dissolves grease, oil, ink, and grime
- Safe on most plastics
- Wipes off easily and leaves no residue
- Pleasant scent

NSF Registered C1

Case Number	Order Part Number	Container Size	Units Per Case
1006270	74440	425 g aerosol	12

Green Force® Water-based Degreaser

- Non-corrosive, non-flammable
- Non-hazardous
- Biodegradable
- Zero VOC
- Concentrated, industrial strength
- Safe on most plastics
- Low foaming
- Heavy duty degreasing solution

NSF Registered C1

Case Number	Order Part Number	Container Size	Units Per Case

CLEANERS & DEGREASERS

APPEARANCE

HydroForce®

Glass Cleaner Professional Strength

Versatile enough to use on your most delicate glass surfaces, but strong enough to quickly cut through the toughest dirt, dust, fingerprint and haze deposits without streaking. Its ammonia-fortified formula contains a foaming agent for greater coverage and less run-off when cleaning vertical surfaces. HydroForce® Glass Cleaner is nearly twice as effective at eliminating streaks as other leading brands.

- For professional strength, streak-free glass cleaning
- Biodegradable, ready to use
- Non-abrasive foaming action
- Non-flammable, non-ozone depleting

NSF Registered C1

Case Number	Order Part Number	Container Size	Units Per Case
1006261	74411	946 ml pump	12

Glass Cleaner - Retail

Non-streaking formula. Leaves surfaces sparkling clean and stops glare. Use on glass, mirrors, plastics, acrylics, fiberglass, counters, appliances, stainless steel and chrome. Also helps remove labels and stickers from metal and glass surfaces.

Case Number	Order Part Number	Container Size	Units Per Case
1004836	14100	510 g aerosol	12

Graffiti Remover

Effective graffiti and vandal mark remover. Removes spray paints, marking inks, crayons, scuff marks, lipstick, lacquers, and varnish.

- Contains no methylene chloride
- Gelled formula great for vertical surfaces

NSF Registered C3

Case Number	Order Part Number	Container Size	Units Per Case
1006237	74194	340 g aerosol	12

Glass Cleaner - Industrial Strength

Versatile enough to use on your most delicate glass surfaces, but strong enough to quickly cut through the toughest dirt, dust, fingerprint and haze deposits without streaking. Its ammonia-fortified formula contains a foaming agent for greater coverage and less run-off when cleaning vertical surfaces. CRC Glass Cleaner is nearly twice as effective at eliminating streaks as other leading brands.

- Professional strength, streak-free
- Non-abrasive foaming action
- Non-flammable, non-ozone depleting
- Biodegradable

NSF Registered C1

Case Number	Order Part Number	Container Size	Units Per Case
1006175	73100	510 g aerosol	12

HydroForce® Stainless Steel Cleaner & Polish

Using an exclusive ultra shine formula, CRC Stainless Steel Cleaner & Polish eliminates dirt, dust, fingerprints and watermarks and leaves behind a protective, non-greasy barrier that resists the return of these stains.

- Industrial strength
- Non-flammable
- Non-corrosive and non-ozone depleting

NSF Registered C1

PRODUCT FEATURES

CRC Canada Co. Food Grade maintenance products within the NSF H1 category designation are approved for use where incidental food contact might occur. Understanding the importance for continuous improvement in food safety, CRC has introduced a new label design for all CRC H1 Food Grade Lubricants to ensure proper usage of these products in the workplace. In addition, CRC H1 Food Grade aerosol lubricants utilize Perma-Lock™, a one-piece, 2-way integrated actuator that will not detach!

Silver Band

Quick visual identification of CRC H1 products from across the plant floor with unique silver banding.

StopLight® Graphic

Green StopLight® image immediately identifies product as H1 certified.

Product Name

Clear & descriptive product name provides immediate recognition of use.

NSF Logo & Number

NSF Category Code and registration # prominently displayed to aid during the inspection process.

Perma-Lock™ Actuator

Permanent, 2-Way integrated actuator offers 2 spray patterns. Flip straw down for wide spray pattern; flip straw up for a precision application. **Perma-Lock™ cap will not detach**, safeguarding against costly recalls. No lost nozzles, straws or caps!

LUBRICANTS

FOOD GRADE - NSF H1

Water Based Silicone

A non-flammable multi-purpose silicone lubricant for food processing and handling applications. It eliminates sticking & binding and is safe to use on most plastics.

- Reduces gauling and friction
- Harmless to most rubbers and plastic

NSF Registered H1

Case Number	Order Part Number	Container Size	Units Per Case
1006146	73035	368 g aerosol	12

Food Plant Silicone Lubricant

Multi-purpose silicone spray for food processing and handling applications. It forms a colourless, odourless, non-staining film that lubricates and insulates in most metal to non-metal applications.

- Harmless to most rubbers and plastics
- Wide effective temperature range (-40°C to 204°C)
- Excellent release agent and lubricant for all surfaces
- Reduces galling and friction

NSF Registered H1

Case Number	Order Part Number	Container Size	Units Per Case
1006148	73040*	283 g aerosol	12
1006150	73041*	19 L pail	1

Food Plant Chain Lube

Blend of synthetic lubricants and mineral oil to keep roller drive and conveyor chains lubricated.

- Provides convenient aerosol package where incidental food contact may occur
- Contains anti-wear properties to extend chain life

NSF Registered H1

Case Number	Order Part Number	Container Size	Units Per Case
1006159	73056	340 g aerosol	12

Food Plant Penetrating Oil

An effective and efficient general purpose lubricant for use on food processing equipment.

- Colorless, odourless, tasteless
- Zero VOC formula
- Eases disassembly of mechanical equipment

NSF Registered H1

Case Number	Order Part Number	Container Size	Units Per Case
1006171	73086	311g aerosol	12

Food Plant Belt Dressing

Provides a temporary, food grade, synthetic treatment for worn belts. Extends belt life by reducing slippage, hardening, glazing, dirt build-up and friction. Belt Dressing can be used on leather, rubber, canvas or fabric, and is ideally suited for flat, round and V-belts. Improves traction and reduces belt tension, relieving stress on motors, shafts and wheels.

- Tacky, non-drying, water-resistant film
- Minimizes drive belt slippage, resists water wash-off, maintains belt flexibility and prevents loads from slipping on conveyor systems
- Colourless – will not stain finished goods transported on conveyor systems

NSF Registered H1

Case Number	Order Part Number	Container Size	Units Per Case
1006165	73065*	283 g aerosol	12

Food Plant Machine Oil

Extremely efficient and effective general purpose lubricant for use on food processing equipment. Food Plant Machine Oil penetrates and loosens rust, scale, dirt and corrosion to free parts and fasteners. Zero VOC formula.

- Contains no silicone and is virtually odourless and colourless
- Will not harm metal, wood, plastic or painted surfaces

NSF Registered H1

Case Number	Order Part Number	Container Size	Units Per Case
1006167	73081	311 g aerosol	12

Dielectric Grease

Unique, non-curing silicone compound used for electrical sealing, lubricating, protecting and insulating. Dielectric Grease waterproofs electrical connections and components to protect against arcing due to moisture and other contaminants.

- Improves electrical performance during adverse conditions such as rain, fog, salt spray and temperature extremes
- Excellent lubricant for rubber and plastic parts
- Wide temperature range (-56°C to 204°C)

NSF Registered H1

Case Number	Order Part Number	Container Size	Units Per Case
1006169	73082*	284 g aerosol	12

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

FOOD GRADE - NSF H1

Food Plant Grease Multi-Purpose

- Aluminum complex, NLGI #2
- Appropriate for food processing and handling equipment
- Will not pound out of bearings and bushings during shock loads

NSF Registered H1

Case Number	Order Part Number	Container Size	Units Per Case
1006209	73600	396 g cartridge	10

Synthetic Food Grade Grease

NLGI #2 lubricating grease formulated with the highest quality synthetic NSF registered raw materials available. Performs extremely well in cold temperature applications as the base fluid exhibits a very low pour point. Resists rust and oxidation. Water washdown resistant. Wide temperature range provides superior lubrication from -28.89°C to 176.67°C.

NSF Registered H1

Case Number	Order Part Number	Container Size	Units Per Case
1750421	1750422	396 g cartridge	10

Food Grade Anti-Seize & Lubricating Compound

A premium quality anti-seize compound protects metal parts from seizure, galling, rust, corrosion, and heat freeze by tenaciously adhering to the metal surface.

- Aluminum complex based anti-seize

NSF Registered H1

Case Number	Order Part Number	Container Size	Units Per Case
1750616	1750617	226 g brush top bottle	12
1750598	1750601	453 g brush top bottle	12

PENETRATING

Knock'er Loose™ Penetrating Solvent

An industrial strength, low viscosity lubricant and penetrant designed to quickly loosen and free seized, bound or frozen fasteners. It quickly dissolves rust, scale, gum, grease and corrosion. KNOCK'ER LOOSE eases the disassembly of machinery, tools and equipment for routine maintenance and emergency repairs.

- Outperforms the competition
- Lubricating residue prevents corrosion

NSF Registered H2

Case Number	Order Part Number	Container Size	Units Per Case
1006142	73020	368 g aerosol	12

Penetrating Oil

A no-compromise penetrant that attacks corrosion to free corroded fasteners and mechanical components. A super-fast, powerful, concentrated penetrating solvent that loosens and cleans. Instantly penetrates minute and tightly fitted crevices.

- Instantly creeps into minute crevices
- Attacks rust and corrosion on contact

NSF Registered H2

Case Number	Order Part Number	Container Size	Units Per Case
1006163	73060	311 g aerosol	12

Screwloose™ Super Penetrant

Quickly penetrates through rust and corrosion to rapidly free corroded bolts, screws, fasteners, pins and bound mechanisms. Its clear no mess formula eases disassembly of mechanical equipment, fittings and fixtures.

- Facilitates fast and easy disassembly of mechanical components, fittings, and other fasteners
- Clear formula contains no dyes and leaves no mess

Case Number	Order Part Number	Container Size	Units Per Case
1006375	75330	311 g aerosol	12

Freeze-Off® Super Penetrant

- Freezes and cracks rust for deep penetration and fast results
- Dissolves rust, gum and corrosion
- Lubricating film residue displaces water and prevents corrosion
- Low VOC formula

Case Number	Order Part Number	Container Size	Units Per Case
1006365	75222	326 g aerosol	12

MULTI-PURPOSE

3-36® Multi-Purpose Lubricant and Corrosion Inhibitor

Multi-purpose lubricant, penetrant and corrosion inhibitor forms a clear, thin film that lubricates, prevents corrosion, displaces moisture and penetrates. 3-36 drives out moisture and leaves a thin, long lasting film to protect against corrosion.

- Lubricates, penetrates and loosens corrosion
- Penetrates corrosion to loosen frozen parts
- Lubricates without leaving a sticky residue

NSF Registered H2

Case Number	Order Part Number	Container Size	Units Per Case
1006138	73005	311 g aerosol	12
1750731	1750732	3.78 L bottle	4
1006140	73009	19 L pail	1
1006141	73011	208 L drum	1

Dry Lube With PTFE

A multi-purpose, micro-thin film containing PTFE. Penetrates and bonds to most surfaces including metal, wood, rubber, plastic and glass. It prevents sticking, reducing friction and wear.

- Resists dirt and dust build-up
- Seals out moisture and provides a barrier film that inhibits corrosion
- Wide temperature range (-40°C to 232°C)
- Ultra low coefficient of friction

NSF Registered H2

Case Number	Order Part Number	Container Size	Units Per Case
1006151	73044*	284 g aerosol	12

Heavy Duty Silicone Lubricant

Clear, non-staining film lubricates metal, rubber, nylon and wood to eliminate squeaks and binding caused by friction. Water resistant film perfect for applications exposed to the elements.

Case Number	Order Part Number	Container Size	Units Per Case
1006319	75074*	212 g aerosol	12

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

LUBRICANTS

HEAVY DUTY

Copper Anti-Seize & Lubricating Compound

A general purpose anti-seize lubricant that prevents seizing caused by high temperature, heavy loads, vibrations and corrosion.

- Copper based, safe for use on ferrous and non-ferrous metals
- Temperature resistant up to 982° C
- Electrically conductive – does not insulate or interrupt current flow

Accepted for use in Canadian Food Processing Facilities

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006123	72095		340 g aerosol	12

Extreme Duty Silicone

Premium grade silicone fluid that exhibits superior lubrication and temperature viscosity characteristics. Use Extreme Duty Silicone on all metallic and non-metallic surfaces.

- Reduces friction and galling even on metal-to-metal contact areas
- High temperature (-73°C to 232°C), high pressure (withstands 544 kg Falex test)
- Clear, non-staining, odourless film resists moisture

NSF Registered H2

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006144	73030*		283 g aerosol	12

Power Lube w/PTFE High-Performance Lubricant

High performance, multi-purpose lubricant with the benefits of PTFE to provide long lasting lubrication and protection against friction, wear and corrosion. Power Lube will increase the life and operating efficiency of parts and equipment, as well as withstand extreme load carrying situations.

- Contains PTFE for long-lasting protection
- Displaces moisture and seals out corrosion
- Surpasses 2,041 kg on Falex Load Test (ASTM D-3233)

NSF Registered H2

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006153	73045*		311 g aerosol	12

Chain & Wire Rope Lubricant

Specifically formulated blend of synthetic lubricants and an organic molybdenum, anti-wear additive that penetrates deep, and leaves a tough film that lubricates and protects. Reduces wear caused by friction and corrosion.

- Resists water wash-off and high-temperature sling off
- Absorbs pin/bushing shock and cushions rollers, pins and bushing
- Can be applied with guards in place to eliminate costly downtime

NSF Registered H2

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006155	73050*		284 g aerosol	12

Extreme Duty Open Gear Lube

A heavy duty, extreme pressure lubricant recommended for reducing friction and wear in harsh environments. Resists heat and pressure, will not wash or wear off because of weather.

- Exceptional "stay put" characteristics
- Contains Moly and Graphite

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006161	73058		340 g aerosol	12

Chute Lube™ Lubricant

A silicone spray formulated specifically for package handling applications. Eliminates the binding and sticking of packages and boxes while protecting most surfaces.

- Clear, odourless, non-staining
- Harmless to most rubbers and plastics
- Good surface contact in wet conditions
- Low surface tension allows for better coverage and deeper penetration

NSF Registered H2

Case Number	Order Number	Part Number	Container Size	Units Per Case
1006191	73205*		19 L pail	1

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

HEAVY DUTY

Oilfield Dry Moly Lube

Fast drying film resists dirt and dust buildup. Good adhesion and long lasting formula. Lowers friction, prevents galling and helps to reduce torque and energy consumption. High anti-friction and anti-seize properties.

- Lowers friction
- Fast drying
- Long lasting formula

Case Number	Order Part Number	Container Size	Units Per Case
1750743*	1750744	311 g aerosol	12

Inner Slide Lube

Specially formulated to cohere to forklift inner slide rails, providing long lasting smooth flawless operating over extended periods. Lubricates, increases slide motion, and protects against rust and corrosion of forklift inner slide rails.

- Clings to metal surfaces
- Prevents corrosion
- Prevents destructive metal to metal contact
- Extremely flammable
- Not safe on plastics
- Non-Drying
- Fast evaporation rate

Case Number	Order Part Number	Container Size	Units Per Case
1750389*	1750390	297 g aerosol	12

Nickel Anti-Seize & Lubricating Compound

Nickel-based formulation that is free of copper, lead, sulfides and chlorides. Protects metal-to-metal applications from seizing and galling caused by high temperatures, heavy loads, vibration, chemicals and corrosion.

- Copper-free formulation for use where a clean, chemically inert and stable lubricant is required
- High temperature resistivity protects parts up to 1,315°C
- Electrically conductive – does not insulate and interrupt current flow
- Safe for use on both ferrous and non-ferrous metals
- Will not harden – heat aging won't affect lubricity of product
- Resistant to mild detergents and alkaline wash to protect against rust and corrosion

Case Number	Order Part Number	Container Size	Units Per Case
1006136	72911	227 g brush-top bottle	12

GREASE

White Lithium Grease

High-purity, high-quality, NLGI Grade 2 white lithium-based aerosol grease that provides superior lubrication and durability in any weather or temperature. Excellent as a break-in lubricant for bearings, and for general purpose lubrication and corrosion protection of machinery, tools and equipment.

- Excellent heat and water resistance
- Contains rust and oxidation inhibitors for superior metal protection
- Protects with a tough, high viscosity film
- White color allows for easy visual inspection of film coverage

NSF Registered H2

Case Number	Order Part Number	Container Size	Units Per Case
1006189	73200*	283 g aerosol	12

Heavy Duty Clear Penetrating Grease

High tack, clear lubricating gel provides superior lubrication and withstands high temperatures and pressures. Penetrates deep to form a tenacious, long-lasting film and is resistant to acids, alkalis, salt, oxidation, weather and steam. This heavy duty clear penetrating gel can extend the operating service life of equipment and reduce wear, galling and scarring.

- Contains PTFE
- Withstands high temperature (up to 260°C) and pressure
- Waterproofs and prevents corrosion
- Penetrates to form a thick, long-lasting film

NSF Registered H2

Case Number	Order Part Number	Container Size	Units Per Case
1006181	73156*	369 g aerosol	12

Dielectric Grease

Non-curing silicone compound used for electrical sealing, lubricating, protecting and insulating. Waterproofs electrical connections and components. Improves electrical performance in adverse weather conditions.

Case Number	Order Part Number	Container Size	Units Per Case
1006345	75105	19 L pail	1

Red Grease

Heavy duty, NLGI Grade 2 aluminum complex based grease that provides superior lubrication and withstands high temperature and high pressure. It penetrates deep to form a tenacious, long lasting thick film.

- Waterproof
- Resistant to acid, alkalis, salt, oxidation, weather and steam.
- Extends the operating service life of equipment
- Reduces wear, galling and scoring.

Case Number	Order Part Number	Container Size	Units Per Case
1750384	1750385*	311 g aerosol	12

Lithium General Purpose Grease

- Lithium base, NLGI #2 grease
- Extremely stable, designed for light duty applications
- Excellent water resistance
- Typical drop point: 177°C

Case Number	Order Part Number	Container Size	Units Per Case
1006197	73310	396 g cartridge	10

Multi-Purpose Bearing Grease

- Aluminum complex, NLGI #2 grease
- Excellent water resistance
- Superior rust and corrosion protection
- Typical drop point: 260°C

Case Number	Order Part Number	Container Size	Units Per Case
1006199	73312	396 g cartridge	10

Moly-Graph™ E.P. Multi-Purpose Grease

- Lithium based, NLGI #2 grease
- "Moly" and graphite help establish a fine micron plating on all working surfaces
- Maintains 45 lb Timken OK Load
- Typical drop point: 177°C

Case Number	Order Part Number	Container Size	Units Per Case
1006201	73330	396 g cartridge	10

Sta-Plex™ E.P. Premium Red Grease

- Extremely versatile lithium complex, NLGI #2 grease with excellent high temperature lubrication
- Protects against rust and oxidation
- Typical drop point: 260°C

Case Number	Order Part Number	Container Size	Units Per Case
1006187	73190	396 g cartridge	10

Driller Red Grease

Premium quality lithium complex, Extreme Pressure, NLGI #2 grease which offer superior protection to lubricate a wide variety of severe duty drilling, industrial, mining and construction equipment. Timken load of 36 kg.

- Premium quality lithium complex, NLGI #2, EP grease
- Outstanding protection in wet environments; water washout < 3%
- "Tacky" stay in place formula excellent for drilling applications
- Long lasting lubricating protection
- High compatible thickener base reduces equipment failure risk during conversion break-in process

Case Number	Order Part Number	Container Size	Units Per Case
1006211	73640	396 g cartridge	10
1006213	73650	19 L pail	1

TCC = Tag Closed Cup; COC = Cleveland Open Cup; NA = Not Applicable

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

INCREASE TIP & NOZZLE LIFE

Non-flammable, paintable products engineered to reduce spatter build-up on nozzles, tips and diffusers resulting in longer equipment life.

NOZZLE-KLEEN® HD ANTI-SPATTER

Used for high temperature applications, including pulse welding and argon-rich mixtures. Outstanding fixture protection. Excellent for stainless steel. Non-flammable, paintable, no fluorocarbons and ozone friendly.

Case Order Number 1008414
Reference Number 1008415
Container Size 425 g Aerosol
6 Units Per Case

NOZZLE-KLEEN #2® ANTI-SPATTER

The world's best-selling anti-spatter aerosol. It is the highest quality for most applications. Non-flammable and paintable. No fluorocarbons.

Case Order Number 1008412
Reference Number 1008413
Container Size 454 g Aerosol
6 Units Per Case

LUBE-MATIC Pre-Treated Lube Pad (Black)

For all types of steel wire (not recommended for aluminum). Pre-treated with Lube-Matic® liquid. Lubrication allows smooth feeding of wire with poor cast, helix, rust and long feed liners.

Case Order Number 1008160
Reference Number 1008258
6 Units Per Case

LUBE-MATIC Untreated Kleener Pad (Red)

Red Kleener pads for all wires, all the time. Excellent for aluminum. Reduce burnback by 50%.

Case Order Number 1008162
Reference Number 1008260
6 Units Per Case

INCREASE TIP & LINER LIFE UP TO 300%

Cleaners and lubricants designed to reduce tip and liner wear, burnback, wire jams and to promote smoother arc feed.

BRITE ZINC®

PROTECTION FROM CORROSION

Simple and smart solutions for the long-term repair and protection of metal from corrosion. Reduces reworking and total cost of ownership. 69% zinc metal. One step color matches the shiny look of hot dip galvanizing. Special no clog nozzle. Meets ASTM-A780 for corrosion protection.

354 g Covers 40 square feet 3.78 L Covers 570 square feet

Case Order Number 1008405
Reference Number 1008406
Container Size 354 g Aerosol
12 Units Per Case

Case Order Number 1008407
Reference Number 1008407
Container Size 3.78 L Pail
1 Unit Per Case

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

**WELD-KLEEN® HD ANTI-SPATTER**

Heavy duty base metal treatment that is solvent based and quick drying. Accepts pre-heating and is a non-flammable and paintable spray ideal for protecting parts, clamps, tooling and fixtures.

Case Order Number 1008410
Reference Number 1008411
Container Size 567 g aerosol
6 Units Per Case

**WELD-KLEEN 350® ANTI-SPATTER****SAVE ON GRINDING & CLEAN-UP**

Highly effective anti-spatter products engineered to protect parts, clamps, tooling and fixtures. A safe, effective water-based product designed for use on most base metal applications. Used by leading manufacturers, effective for use in robot torch blow down systems. Economical and safe. Biodegradable, non-toxic and paintable.

Case Order Number	Reference Number	Container Size	Units Per Case
1008192	1008274	32 OZ Bottle	6
1008193	1008275	3.78 L Jug	2
1008183	1008183	19 L Jug	1
1008184	1008184	208 L Drum	1

WELD-KLEEN 350® SPIGOT

Case Order Number 1008399
Reference Number 1008400
4 Units Per Case

WELD-KLEEN 350® SPRAYER

Case Order Number 1008416
Reference Number 1008416
1 Unit Per Case

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

METALWORKING

Cutting Oil

Superior thread cutting lubricant for use on all types of both ferrous and non-ferrous metals, including brass, copper and aluminum.

- Reduces heat and friction to ease cutting and increase cutting tool life
- Sulfur-free, low odour formula
- Excellent anti-weld properties
- Foaming aerosol formulation clings to vertical surfaces

NSF Registered P1

Case Number	Order Part Number	Container Size	Units Per Case
1006207	73500	340 g aerosol	12

TOOL & EQUIPMENT

Air Tool Oil

- Lubricates and protects pneumatic equipment
- Increases torque; assures long tool life
- Reduces rust, varnish, sludge and acids

Case Number	Order Part Number	Container Size	Units Per Case
1006230	74095	444 ml bottle	12

Kool Tap™ Foamy Cutting Fluid

Excellent extreme duty cutting fluid developed for ease of application. Works well on both ferrous and non-ferrous metals. Foaming action penetrates deep into the cut to extend cutting tool life and promote a superior finish.

- Easy application
- Foam thoroughly coats cutting tool
- Contains no 1,1,1-Trichloroethane

Case Number	Order Part Number	Container Size	Units Per Case
1006259	74410	369 g aerosol	12

Compressor Oil

- Helps promote longer life in all types of reciprocating and rotary compressors
- Solvent refined and clay filtered for long lasting, anti-foul operation
- Cleans valve seat deposits as they form
- Prevents ring sticking, reduce wear

Case Number	Order Part Number	Container Size	Units Per Case
1006350	75133	3.785 L bottle	4

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

CORROSION INHIBITORS

SP-350™ Corrosion inhibitor

Provides both superior lubrication and heavy duty corrosion protection for metal parts and assemblies that are stored indoors. SP-350 promotes easy start-up of stored equipment. Use as a protective coating for assemblies in storage or in shipment.

- Displaces moisture and protects all metals with a thin non-drying film
- Protects equipment and parts in storage, shipment and in process for up to 2 years indoors
- High pressure lubricant that withstands up to 1,250 lbs of pressure in Falex test method

NSF Registered H2

Case Number	Order Part Number	Container Size	Units Per Case
1006192	73262	312 g aerosol	12

SP-400™ Corrosion Inhibitor

Long-term indoor/outdoor corrosion inhibitor for machined surfaces and assemblies subjected to long periods of storage or adverse shipping conditions. Removable film provides protection of all equipment subject to heat, humidity, chemicals or severely corrosive atmospheres.

- Firm, waxy film is highly resistant to humidity and salt spray and never becomes brittle
- Long term protection (up to 2 years outdoors) for all metals during shipment or extended storage
- Waxy film seals out moisture completely

NSF Registered H2

Case Number	Order Part Number	Container Size	Units Per Case
1006194	73282*	284 g aerosol	12
1006196	73286	19 L pail	1

PROTECTIVE COATING

Urethane Seal Coat

Provides a conformal polyurethane coating that insulates electrical equipment and seals out water and moisture. Clear formulation allows for visualization of equipment; Red provides striking contrast.

- Dries quickly to a hard, durable, flexible and non-conductive film
- High dielectric strength, high surface and volume resistivity make it ideal for electrical/electronics applications
- Effective temperature range of -67°C to 121°C
- Abrasion resistant insulator for electrical and electronic equipment and components

Case Number	Order Part Number	Container Size	Units Per Case
1006117	72044*	311 g aerosol (red)	12
1006119	72049*	311 g aerosol (clear)	12

Zinc Mate™

High-performance coating of 93% pure zinc that electrochemically bonds with ferrous metals to form a galvanic cell. Zinc Mate is an excellent touch-up for damaged galvanized coatings.

- Actively fights rust and corrosion with a film of 93% pure zinc
- Protects base metal even when scratched, abraded, or dented
- Fast-drying, dries to the touch in 15 minutes
- Excellent weldability
- Meets ASTM-A780

Case Number	Order Part Number	Container Size	Units Per Case
1006157	73054*	368 g aerosol	12

SPECIALTY PRODUCTS

SEALANTS & ADHESIVES

Minute Mend™ Epoxy Putty

Permanently repairs scratches, gouges and holes in drums, tanks, pipes, castings, molds, sinks, tubs and leaky gaskets. Perform routine electrical jobs such as mounting terminal blocks, packing wires and repairing breaker boxes. Ideal for stopping leaks, can even be used under water. Can be used in plumbing, electrical, ceramic, vehicle and machinery repair.

- Specially formulated to bond to both wet and dry surfaces and can even be applied under water
- A two-part epoxy putty packaged in a convenient one piece stick
- Ready to use in less than one minute
- Can be tapped, sawed, drilled, machined, stained or painted

Case Number	Order Part Number	Container Size	Units Per Case
1006220	74070	113 g stick	24

Minimal Expansion FOAM

Polyurethane foam designed to fill, seal, bond, retrofit, insulate and deaden sound in and around cracks and cavities. It forms a permanent, waterproof and airtight bond to masonry, wood, glass, metal & most plastics.

- Stops drafts, dust, moisture, insects and rodents
- When cured, foam can be sanded, painted or stained
- The low expansion formula expands 50% when fully cured
- Cured foam insulates to R-5 for each inch of foam
- UL® classified as a caulking sealant
- Foam and propellant are non-flammable
- Convenient 360° valve – can be sprayed from any position
- Reusable for up to 30 days after initial use

Case Number	Order Part Number	Container Size	Units Per Case
1006222	74077	340 g aerosol	12

WORKER SAFETY

Bug Blast™ Wasp & Hornet Killer

Fast-acting, high strength insecticide that knocks down and kills wasps, hornets and yellowjackets on contact. Contains no chlorinated solvents and is safe to use on most plastics.

- Dense, accurate spray reaches over 6.1m
- High dielectric strength of over 41,000 volts

Case Number	Order Part Number	Container Size	Units Per Case
1006111	72010	396 g trigger aerosol	12

Leak Detector

Formulated for the quick and easy site detection of gas leaks and air leaks. The water-based formula contains no oils, silicones or harmful solvents.

- Applications: refrigeration units, air conditioning systems, valves, pipes, exhausts

NSF Registered P3

Case Number	Order Part Number	Container Size	Units Per Case
1006276	74503	510 g aerosol	12

Smoke Test® Brand Smoke Detector Tester

Convenient, easy and safe product to test the functional ability of a smoke detector. Smoke Test® also checks for obstructions or debris, which clog detector vents and prevents smoke from properly entering the sensing chamber.

- Simulates smoke to provide a true, functional test for smoke detectors
- Aerosol spray extends user reach up to 183cm, allows testing to be done while standing safely on the floor
- No harmful residue, plastic safe, non-staining
- Contains no Class I or Class II Ozone Depleting Chemicals

Case Number	Order Part Number	Container Size	Units Per Case
1006125	72105*	71 g aerosol	12

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

Sure Shot® Reusable Sprayer

- An all-metal, one quart, reusable air-pressurized sprayer. For use with most bulk lubricants, solvents and corrosion inhibitors.

Case Order Number	Part Number	Container Size	Units Per Case
1004771	14016	946 ml sprayer	1

**Fluid Oil Pump**

Constructed of durable PVC plastic. For all fluid reservoirs including differentials, transmissions and gear cases. Dispenses 1 fl oz of product with each depression. Designed to fit all STA-LUBE quart, half-gallon and gallon containers.

Case Order Number	Part Number	Container Size	Units Per Case
1007962	SL4344	Pump	6

**Empty Trigger Bottle**

- New 710 mL design improves stability while Level III fluorination provides maximum durability. Features blank lines and charts for product and safety information.

NSF CATEGORY CODE

CATEGORY CODE 3H

This product is acceptable for use as a Release Agent on grills, ovens, loaf pans, boning benches, chopping boards, or other hard surfaces in contact with meat and poultry food products to prevent food from adhering during processing.

CATEGORY CODE A1

This product is acceptable for use as a general cleaning agent on all surfaces, or for use with steam or mechanical cleaning devices in all departments. Before using this compound, food products and packaging materials must be removed from the room or carefully protected. After using this compound, surfaces must be thoroughly rinsed with potable water. Permission for the use of this compound on loading docks and other similar areas is left to the discretion of the Inspector-In-Charge of the establishment.

CATEGORY CODE C1

This product is acceptable for use as a general cleaner/degreaser in inedible product processing areas, and/or exterior areas of official establishments operating under the Federal Meat, Poultry, Shell Egg Grading, and Egg Products Inspection Programs provided that it is not used to mask odors resulting from unsanitary conditions, and that any characteristic odor or fragrance does not penetrate into an edible area. Permission for the use of this compound on loading docks and other similar areas is left to the discretion of the Inspector-In-Charge of the establishment.

CATEGORY CODE C3

The product is acceptable for use in official establishments operating under the Federal Meats and Poultry Products Inspection Program. This compound may be acceptable in areas of food processing facilities where edible products are neither processed nor stored in open containers. This category also covers paint removers and snow and ice melting products intended for use in non-processing areas.

CATEGORY CODE D2

This product is acceptable for use as a sanitizer on all surfaces not always requiring a rinse in and around food processing areas. Before using this compound, food products and packaging materials must be removed from the room or carefully protected. A potable water rinse is not required following the use of this compound on previously cleaned hard surfaces provided that the surfaces are adequately drained before contact with food so that little or no residue remains which can adulterate or have a deleterious effect on edible products. A potable water rinse is required following use of this compound under conditions other than stated above. The compound must always be used according to applicable label directions.

CATEGORY CODE E4

The product is acceptable for use as a hand cream, lotion or cleaner in non-processing areas. The use of such products is limited to toilets, dressing rooms and other non-processing areas. Employees who handle edible products may use such compounds only when leaving the plant.

CATEGORY CODE H1

This product is acceptable as a lubricant with incidental food contact for use in official establishments operating under the Federal Meat and Poultry Products Inspection Program. Such compounds may be used on food processing equipment as a protective anti-rust film, as a release agent on gaskets or seals of tank closures, and as a lubricant for machine parts and equipment in locations in which there is potential exposure of lubricated part to food. The amount used should be the minimum required to accomplish the desired technical effect on the equipment. If used as an anti-rust film, the compound must be removed from the equipment surface by washing or wiping, as required to leave the surface effectively free of any substance, which could be transferred to food being processed. The final granting of authorization for the proposed use of such compound is the responsibility of the Inspector-In-Charge of the official plant.

CATEGORY CODE H2

This product is acceptable as a lubricant where there is no possibility of food contact in official establishments operating under the Federal Meat and Poultry Products Inspection Program. Such compounds may be used as lubricants, release agents, or anti-rust films on equipment and machine parts or in closed systems (ex. Hydraulic systems) in locations where there is no possibility of the lubricant or lubricated part contacting edible products. The final granting of authorization for the proposed use of such compound is the responsibility of the Inspector-In-Charge of the official plant.

CATEGORY CODE K1

This product is chemically acceptable as a solvent cleaner for use in non-processing areas of official establishments operating under the Federal Meat and Poultry Products Inspection Program. After using the product, equipment and utensils must be thoroughly washed with an acceptable detergent solution and rinsed with potable water to remove all traces of the cleaner before being returned to the processing area. The final granting of authorization for the proposed use of such compounds is the responsibility of the Inspector-In-Charge of the official plant.

CATEGORY CODE K2

This product is chemically acceptable as a solvent for cleaning electronic instruments and devices which will not tolerate aqueous cleaning solutions in official establishments operating under the Federal Meat and Poultry Products Inspection Program. Before using this compound, food products and packaging materials must be removed from the area or carefully protected. This compound must be used in a manner so that all odors associated with the compound are dissipated before food products or packaging material are re-exposed in the area. The final granting of authorization for the proposed use of such compounds is the responsibility of the Inspector-In-Charge of the official plant.

CATEGORY CODE K3

This product is acceptable for use as an adhesive or glue remover, for removing adhesive or glue from food packaging materials in and around food processing areas, where its use is not intended for direct food contact. Before using this compound, food products and packaging materials must be removed from the area or carefully protected. After using these compounds, all surfaces must be thoroughly washed with an acceptable detergent solution, and rinsed with potable water. This compound must be used in a manner so that all odors associated with the compound are dissipated before food products or packaging materials are re-exposed in the area.

CATEGORY CODE P1

This product is chemically acceptable for use in official establishments operating under the Federal Meat and Poultry Products Inspection Program. This compound must be used in a manner which prevents direct or indirect contamination of edible products or potable water. The final granting of authorization for the proposed use of such compounds is the responsibility of the Inspector-In-Charge of the official plant.

CATEGORY CODE M1

This product is acceptable for use as a mold release agent on molds that are used to produce packaging materials that will contact food to prevent the finished product from adhering to the mold. The amount used on the equipment should be the minimum required to accomplish the effect.

CATEGORY CODE R2

This product is acceptable for use as a coating where there is no possibility of food contact such as floors, walls, and ceilings. The coating must be applied in a manner which prevents direct or indirect contamination of edible products. Before the food product may be placed in the area where the material is being used, the area should be sufficiently free of odor to prevent product contamination. As a safety precaution, smooth coatings should not be applied to walking or standing surfaces in processing area.

*This product is labeled extremely flammable. Read and observe the special usage warning on the label. Do not apply while equipment is energized.

BIODEGRADABLE

A substance that is capable of being broken down into harmless products by the action of living things. The rate at which compounds may be chemically broken down by bacteria and/or natural environmental factors.

CLASS I OZONE DEPLETERS

Chlorinated solvents including Carbon Tetrachloride, 1, 1, 1-Trichloroethane and CFCs (Freon). Since 1993, these products have required special labeling and have been banned from manufacture by the EPA.

CLASS II OZONE DEPLETERS

Products that contain HCFCs like HCFC-141b and HCFC-225. The production and importation phase out date is January 1, 2003 and January 1, 2015 respectively.

DIELECTRIC STRENGTH

The minimum electrical gradient that a material can withstand without decomposition usually specified in volts per millimeter of thickness. Also known as the breakdown voltage.

ELONGATION PERCENT

Directly related to Tensile Strength. Elongation is the deformation that results from the application of a tensile force and is calculated as the change in length divided by the original length.

EMULSION

A mixture of water-soluble and water-insoluble groups held together by a surfactant. Emulsions are usually milky white.

EXTREMELY FLAMMABLE

As defined by the Consumer Products Safety Commission, a substance with a flashpoint at or below 20°F as determined by Tagliabue Open Cup Tester. Or, for an aerosol, if the flame travels back to the actuator and the flashpoint is at or below 20°F.

FALEX TEST

A method for determining the extreme pressure (EP) or anti-wear properties of oils and greases. Vee blocks (with large "V-shaped notch) are placed on opposite sides of rotating steel shaft, and the apparatus is immersed in the test lubricant. Load is automatically increased until seizure occurs. Measurable wear scars are formed on the blocks.

FERROUS

Metals related to or containing iron.

FLAMMABLE

Capable of catching fire easily and burning rapidly. OSHA defines flammable liquids as having a flashpoint below 100°F.

FLASH POINT

The lowest temperature of a liquid or solid at which it gives off vapors that will ignite but not continue to burn when a small flame is periodically passed over the surface.

GALLING

Destructive wear of a metal surface characterized by large chunks of metal being removed.

KB VALUE

The Kauri Butanol (KB) value is a measure of the solvent power of a hydrocarbon liquid. Kauri gum is readily soluble in butanol but insoluble in hydrocarbons. The KB value is the measure of the volume of solvent required to produce turbidity in a standard solution containing kauri gum dissolved in butanol. The higher the KB value, the more powerful the solvent.

NLGI GRADE

National Lubricating Grease Institute. A numerical scale for classifying the consistency of a particular grease. The most common consistency number is #2. Softer grades, especially #0 and #1, are often used for improved pumpability or low-temperature service. High consistency numbers, #3 through #6 are used for certain high-speed bearings where leakage and sealing are particular concerns.

NSF RATING

National Sanitation Foundation Registration Program for Proprietary Substances and Nonfood Compounds. This program mirrors the prior USDA program. Product evaluation is based on formulation and label review. Approved products receive a Letter of Authorization and are included on the NSF White Book List of Proprietary Substances and Nonfood Compounds.

NON-FERROUS

Metals that contain no iron.

ODCs

Ozone Depleting Compounds. Substances that contribute to the deterioration of the ozone. There are two types of ODCs: Class I and Class II ozone depleters. Class I ODCs are the most harmful to the ozone. Currently listed as Class I ODCs are chlorofluorocarbons (CFCs), carbon tetrachloride, and 1,1,1-Trichloroethane. Class II ODCs are less harmful but still pose a threat. Currently listed as Class II ODCs are HCFCs.

OTC STATES

Ozone Transport Commission. As of August 1, 2012, the following states have adopted the OTC Model Rule regulating VOC's in consumer products: Connecticut, Delaware, District of Columbia, Illinois, Indiana, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island and Virginia.

PH

A scale ranging from 0 to 14 used to measure acidity and alkalinity. The lower the number the more acidic; the higher the number, the more alkaline; 7 is neutral.

PSI

Pound per Square Inch. A unit of pressure equal to the pressure resulting from a force of 1 pound applied uniformly over an area of 1 square inch.

SAE

Society of Automotive Engineers.

SUBSTRATE

The surface being cleaned; the substrate may be metal, plastic, ceramic, etc.

SURFACTANT

A specialized molecule that connects water soluble and water-insoluble groups.

TENSILE STRENGTH

The strength of different metals to support different loads (masses) before going through the point at which they change from being elastic to being plastic. The tensile strength test measures the elastic and plastic properties of metal.

TIMKEN OK LOAD

The highest load than can be applied without abrasive wear to a rotating test cup containing a grease sample. The higher the OK number, the better protection a grease provides under severe service. The highest number typically given to any sample is 80.

VISCOSITY

The resistance to flow or degree of thickening fluid. Flow requires stress; liquids such as additive-free lubricating oils are known as Newtonian fluids in that shear rate is proportional to the pressure or stress applied. This proportion is the coefficient of viscosity.

VOCS

Volatile Organic Compounds. A class of chemicals that contain carbon and have the potential to form ground-level ozone (smog). Many common items including gasoline, oil-based paints and alcohols produce VOCs.
