FT
GLOBALLY SITUATED

Today, PIP® is a leader in safety products.

BRANDS THAT EXTEND AROUND THE GLOBE.

MAIN PRODUCT CATEGORIES

HAND & ARM PROTECTION

PROTECTIVE GARMENTS

EYE & HEARING PROTECTION

FALL PROTECTION

HEAD PROTECTION

FIRST AID PRODUCTS

RESPIRATORY PROTECTION

Protecting Hands

Up to 30 percent of hand injuries are attributed to fit, wear or simply the wrong type of glove for the hazard. PIP® believes it can help eliminate hand injuries on the job. Caiman® and Ironcat® welding gloves by PIP® are specifically designed for the unique heat shielding, dexterity and protection demands of Stick, MIG and TIG welding

Safety Products You Can Trust

Over the last 10 years, PIP® has grown its product offering in personal protective equipment to deliver head-to-toe protection. Today, in addition to knit gloves and sleeves, we manufacture hard hats, face shields, ear muffs, ear plugs, fall protection, first aid, and more.

Welding
Safety

KEY TO SAFETY IN WELDING

The key to injury reduction is not just product, it's understanding applications so that the right safety product is used.

Welding is inherently dangerous. Gas, flame, sparks, blinding light – nothing can be left to chance.

PIP® offers the right product specifically designed to help protect professional welders. Tailored to work with the different types of welding.

Hand & Arm Protection

CHOOSING THE RIGHT PROTECTION IS ESSENTIAL TO NOT ONLY MINIMIZING SAFETY RISKS BUT MAXIMIZING WORKER PRODUCTIVITY AND THE QUALITY OF THE WELD.

Caiman® and Ironcat® welding gloves and sleeves are specifically designed for the unique heat shielding, dexterity, tactility and protection demands of all welding and metal fabrication applications.

STICK

Maximum heat protection and durability

MIG

Enhanced dexterity and comfort

TIG

Extreme precision and durability

SLEEVES

Extended arm protection

Body Protection

PROFESSIONAL WELDERS ARE CONSTANTLY AT RISK DUE TO WELDING EQUIPMENT THAT PUTS OUT HEAT, SPARKS, METAL AND FUMES.

Selecting the proper PPE depends on the hazard, where you work, how often you perform the task, jobsite requirements and ultimately what you are comfortable with.

WELDING JACKETS

Protect the torso, arms, back and neck

BIB APRONS

Protect the torso

CAPE SLEEVE

Protects the shoulders, upper chest and arms

The Caiman® brand is synonymous with innovation, comfort and quality in high performance gloves and protective clothing for welders and utility workers, offering premium, unique patented design features and an optimal fit.

Premium brand quality

Patented 3D design with KONTOUR™ fit

Kontour™ – 3-dimensional form-fitting patterns that vastly improve fit, comfort and dexterity – all things missing from traditional welding and work gloves.

Reinforced protection

Reinforcement patches that are strategically shaped and positioned on the palm to ensure comfort while providing enhanced durability.

High-performance materials

Made with premium materials, Caiman® welding gloves stand up to the toughest of jobs while remaining flexible, comfortable and durable.

& patented innovation

EXCLUSIVE FEATURES

3-dimensional pattern for ergonomic fit and maximum comfort.

Patented Kontour Wrist™ design to enhance comfort and safety.

Superior insulation that's naturally antimicrobial with moisture-wicking properties.

Lock-stitching for flame-resistant, high-strength seam integrity.

PREMIUM Stick / MIG Welding Gloves

The Revolution® Series offers a 3-dimensional, form-fitting design never before applied to welding gloves. The Revolution® Series has become known as the top-of-the-line, most premium welding gloves in the world.

From material selection to the attention to design details, Revolution® delivers unprecedented comfort, style and safety.

Revolution®, as the name suggests, is a complete departure from traditional welding gloves with minimal comfort, finger dexterity, or aesthetic value. Caiman® Revolution® gloves instantly set the bar higher and became the new standard for others to follow.

Leather Apparel

Protective clothing made of premium quality split pigskin leather. Boarhide® is 15 to 25% lighter, stays cleaner, more breathable and offers better cut, abrasion and heat resistance values than split cowhide leather of equal thickness. Also, unlike split cowhide leather, Boarhide® is naturally elastic which provides enhanced mobility.

Dynamic® Head Protection

ELEVATED HEAT
APPLICATIONS

Dynamic® Vesuvio™ HP851R

- Ambient heat protection up to 400°F
- Wheel ratchet size adjustment
- ANSI/CSA Type 1; Class E

POPULAR COLORS

Dynamic® Stromboli™ HP841R/HP842R

- ABS/Polycarbonate matte finished shell
- Wheel or swing ratchet adjustment
- ANSI/CSA Type 1 or 2; Class E

Respiratory Protection

STANDARD N95

N95 Disposable Respirator

RPD714N950AO

- Exhalation valve increases comfort and worker productivity
- FR material ideal for welders

STANDARD P95

P95 Disposable Respirator

RPD814P950A

- Oil-proof P95 protection, and offers the flexibility to be used with organic vapor, acid gas and ozone nuisance levels

Fall Protection

DYNAMIC® WELDING LANYARDS

Dyna-One™ Kevlar®
FP7861

- Kevlar® webbing to provide exceptional protection against cuts and abrasions, as well as high heat resistance to sparks and flames
- ASTM F887 Arc Flash and is CSA Certified
- Meets and exceeds ANSI and OSHA regulations
- Weight rating of 45 kg (100 lb) to 140 kg (310 lb)

Dyna-One™ PVC Coated
FP7631

- PVC coating provides additional durability to withstand a wide array of applications
- Meets and exceeds ANSI and OSHA regulations
- Weight rating of 45 kg (100 lb) to 140 kg (310 lb)

DYNAMIC® WELDING HARNESSES

Kevlar® FR
FPK2001BD

- Kevlar® webbing to provide exceptional protection against cuts and abrasions, as well as high heat resistance to sparks and flames
- ASTM F887 Arc Flash and is CSA Certified
- Meets and exceeds ANSI and OSHA regulations

ELEVATED HEAT
APPLICATIONS

TPU Coated
FPC2001BD

- TPU coating provides resistance to abrasions, weld splatter, chemicals, paint, grease and dirt
- Harness can be wiped clean
- Meets and exceeds ANSI and OSHA regulations
